Hello City Dividers,

This is the best I can do given the coarseness
of the population units.
 mh.redistrict.4quad.ddm.pdf

This is my interpretation of Community of Interest
as being our Community of the Whole (entire city
with no significant local concentrations deserving
particular participation).

Except for the tail created for incumbent protection last time,
I like my district (A) in the south end of town. We have a little bit
of everything: single-family and multi-unit housing, a school,
two large parks, a City facility, shopping centers, and a mix
of commercial and industrial businesses.

Best wishes, Doug Muirhead, Morgan Hill resident

City of Morgan Hill
2021 Redistricting
Total Population
by Population Unit

Each number indicates the total population of that "population unit" area. Each district must have essentially equal population. The population of each of the 4 districts must be close to 11,392, with no more than a 1,140 difference between the largest and smallest.

Please use a thick dark-colored pen to draw your map, then submit it at City Hall or by email to redistricting2021@morganhill.ca.gov. You can hand-deliver, mail, fax, scan and email, or photograph and email your map.
