This will bring to conclusion the City's redistricting process, which began this past summer.

Since August 2021, the City of Morgan Hill has hosted three public hearings and 10 community workshops on redistricting to gather input from residents on how district boundaries should be redrawn based on the State-adjusted 2020 Census data.

During the third public hearing on December 15, 2021, the City Council was presented with the first round of draft district maps, including three public-submitted maps and three maps produced by the City's demography firm, National Demographics Corporation. Morgan Hill City Council reviewed and discussed each map using the [interactive review map](#). At the public hearing, the City Council requested a legal analysis on questions raised by the public related to the criteria used to draft new maps, including the requirement of geographic contiguity. The analysis is available on the Redistricting website at <http://www.morgan-hill.ca.gov/2221/FAQs>.

Please email any questions, comments and map suggestions to redistricting2021@morganhill.ca.gov or call the City Clerk at 408-310-4678. For more information on Morgan Hill's redistricting process, visit Morgan-Hill.ca.gov/2179/Redistricting-2021.
