The event was organized by the Chabad South County Jewish Center and featured live music, traditional Hanukkah foods, and menorah crafts for children. Attendees were also treated to an LED light performance.

The event was free and open to the entire community.

The highlight of the evening was the ceremonial lighting of a giant menorah, led by newly elected Morgan Hill Mayor Mark Turner who lit the middle flame.

Overall, the event was a great success and brought members of the community together to celebrate this important holiday.

Summary:

Community Funding Report FY 22-23

Dear Ms Nicole,

IASC is very thankful for the kind gesture shown by the city of Morgan Hill. The amount of \$2500 given to us was used to pay for one of our biggest expenses of the annual celebration, the stage rental. This was a huge stage 32 feet long that was built from ground up at the Sobrato High school gym. Our total expenses for this huge community gathering was close to \$18,000 so your kindly donated funds were extremely valuable to us. I am attaching the rental receipt from the stage company and a couple of pictures for your review.

Please reach out to me if you have any further questions.

Report on 2022 Freedom Fest:

For the 146th year, Morgan Hill Freedom Fest was thrilled to bring to our community a celebration for the birth of this amazing country. This year was not without its own challenges but ultimately we had one of the largest crowds and a very smooth running event.

Overall:

From beginning to end, the attendance levels from our community were back to pre-pandemic levels. Community donations was down from 2021 levels (2021 was an extremely generous year given the odd 2020 year), however our sponsorship level was flat to slightly up from previous years. Unfortunately expenses continues to rise across the board and this year we did go into the red and had to dip into our reserve funds. However, we have not and will continue to NEVER compromise on our commitment to provide this event free to our community. It should never cost someone to attend July 4th celebration. We are looking at some cost cutting measures for next year to ensure we return to break-even financial state.

In addition for the second year we did a live broadcast to both YouTube and Facebook to ensure that we are inclusive of all community members regardless of health or mobility status. This broadcast of the patriotic sing, classic car cruise and parade had over 10,000 viewers (both live and recorded) allowing a broader slice of our community to participate in this event.

Safety & Security:

We continue to take the health and safety of our community very seriously with this event. For the second year in a row we maintained our enhanced security efforts on multiple fronts (only some of which we are able to share in this public forum). But some of those enhancements included:

- Water barricades at every entrance into the festival to prevent any vehicle incursions (over 1,700 feet of water barricades)
- Over 500 trained and certified volunteers in specially marked shirts and security badges to provide assistance in the case of emergency situations
- A text based emergency alert system that encompassed volunteers, police, and medical for real time information sharing
- Enhanced police support including mass event specific support resources

We are very thankful that we only experienced a few emergency situations:

- 2 lost children (one during firework show and one during parade). Using a mix of text messaging alerts, radio emergency alerts and a swarming of trained & certified volunteers both children were found in less than 6 minutes from first alert to final reunification
- 4 medical events, two of which required medical transport. Those medicals included a dangerously low blood sugar level at fireworks, a broken ankle also at fireworks and two heat related events at car cruise/parade.

We continue to take note of changes in our threat metrics working closely with fire and police and will continue to go above and beyond to ensure that this event continues to be safe and secure for everyone in the community.

Individual Events:**Kids Essay Contest:**

Led by Karen Crane, the essay contest continues the mission of this organization to encourage patriotism and a sense of community in our children. A large number of essays were submitted and the winners were recognized in our local paper, at the Patriotic Sing and of course at the parade.

Patriotic Sing:

A record audience came out to see the over 75 children who led the community in patriotic songs. This event was broadcast to a virtual audience of several thousand which also had a record number of individuals in the arena green in-person.

Family Music Fest:

This year had a number of enhancements that were well received by the community. This included a country music stage by 5th street which expanded the event by roughly 1 block which helped to reduce the crowding of attendees. We also included a large kids zone with games, jump houses, and street chalk. This was a huge success in providing an area for families to run around and have a different type of experience than those watching the music.

Freedom Run:

A slightly smaller run this year due to construction on Dunne which did not allow us to be a certified USTAF event. We plan on being a certified event again next year once the road construction is complete. Otherwise a very successful run for adults and kids.

Classic Car Cruise & Show:

This continues to be a hugely popular event that fills-up all available spots months in advance. We accepted over 150 cars before we hit capacity and the feedback from both the audience and the participants continues to be overwhelmingly positive.

Parade:

This award winning parade continues to be one of the most talked about parts of the celebration family. With over a dozen bands, 6 equestrian groups, 2 dozen floats almost the entire community is either in the parade or watching it. This year we reached out specifically to new groups and parts of the community to ensure we are being encompassing of all parts of our community. In addition for the second year in a row we handed out 15,000 popsicles to kids and adults along the parade route.

Fireworks:

Of course the grand finale of the celebration is the fireworks. This was one of the largest displays ever put on by this organization with one of the largest crowds. We added additional food trucks and other activities including kids games to bring out the community picnic spirit.

If you have any questions please don't hesitate to let me know and as always on behalf of Freedom Fest we appreciate all of the city's and council's support.

Thank you
Matthew Stein
Freedom Fest President

SUMMARY:

Due to circumstances beyond our control, the Morgan Hill Mushroom Mardi Gras, Inc. had to reschedule the 2023 Mushroom Festival and replaced it with the Morgan Hill Mushroom Music Benefit. Our goal was 500 paid tickets. We sold 388 tickets. Our tickets also included a drink and meal ticket so our beverage sales were down as well. The Board of Directors were aware of a possible loss but wanted to show we were still present and will be back in 2024. Overall even with the loss, we felt the festival was a success from the feedback from attendees, no security issues and just a good, old fashioned, downhome event. Our goal was to at least provide scholarships for this year, even with the cancellation of the 2023 festival.

Unfortunately due to a loss on the concert and an additional loss of \$25k that was unable to be recouped from the cancellation of the festival, we had to pull the scholarship funds out of our reserve account.

November 28,2022

Hi Chris,

Nueva Esperanza had the 2nd Annual Dia De Los Muertos celebration on October 28, 2022 at 6:15pm at the Morgan Hill Community and Cultural Center. This celebration is to celebrate the cultural tradition of honoring loved ones and ancestors that have passed so that they can be remembered and their contributions to the legacy they leave are recognized and live on in future generations.

The celebration included an Altar Lighting ceremony where community members gather around an altar over 6 feet tall decorated with the important help of the City and community donations. At 6:30pm there were words about the tradition, a few speakers and the altar was illuminated. Following the lighting there was music, art crafts, as well as food, drinks, snacks and entertainment.

Over 200 people attended the movie we showed, Encanto. It was a successful event with many happy families and City representatives. Thank you to the City of Morgan Hill for the vision to support this important community and cultural event. We look forward to next year.

Sincerely,

Nueva Esperanza Dia De Los Muertos Organizing Committee

Event Summary

Dear City Staff,

This year Nueva Esperanza hosted the 3rd Annual Holiday Posada in partnership with the City, various businesses and community leaders. Our 1st Annual Posada in 2019, was warmly welcomed and attended by over a hundred Community Members. This community event like many others suffered from COVID and we were unable to host in 2020. However, in 2021 many community members requested the celebration return, and we were happy to bring this fun, family and cultural celebration back and hold it at the Hiram room at the Community and Cultural Center which instantly expanded the celebration.

This year we were able to host the 3rd Holiday Posada with the help of the City through the Community Funding Program and it attracted about 300 people. The event began with arts and crafts for the kids until the holiday caroling started with holiday songs in both Spanish and English.

Next we introduced City Leaders from the City, School Trustees and Community Leaders including the Nueva Esperanza Holiday Posada Planning Committee. This event invites the Latinx community and non native English speakers to come out, participate and share in a fun night of culture together learning to build community, plan, budget, and bring people together.

We served a traditional dinner by local businesses through the community, provided a Trio to perform traditional mariachi and Latin American songs followed by an interactive session of Baile Foloriko. The festivities continue with dancing, desserts and pinatas. Finally there is an ongoing drawing to give out prizes and all the children walk away with a toy.

The funds we were granted mostly went to the venue, entertainment, decorations and food for volunteers helping coordinate the event and wrap gifts. Thanks to City support we were able to host a fun, safe holiday and cultural celebration and engage a diverse group of community members including some that don't always participate.

Finally, we also purchased electronics and headphones and had many toys donated for students and every child, big or small.

Every year Nueva Esperanza builds capacity, engages many age groups in the community with this and other events, helping to create a better sense of community and inclusion of others. We hope the City will continue to support this valuable event.

Thank you,

Delia Gomez and the Nueva Esperanza Planning Committee

Next Gen Youth Concert – March 11, 2023

Every year, the South Valley Symphony dedicates its March concert to the youth of our community. Called the NextGen Youth Persons Concert, the performance typically features one outstanding young musician performing as a featured soloist with the orchestra. The soloist must live in the South Bay area, be between 10 and 18 years old and complete with other musicians through an audition process to win the opportunity to perform with the Symphony. This year's featured soloist was Dylan Cruz, a thirteen-year-old, seventh grader from South Valley Middle School. He performed Bach's Violin Concerto in A Minor with the Symphony.

In addition, this year's NextGen concert featured Honor Band young musicians selected from Sobrato and Live Oak High Schools. The seventeen high school musicians were given the opportunity to performed several pieces while sitting along side regular orchestra musicians.

Following are some of the expenses incurred for this concert, which total slightly over \$2,500. Other expenses were incurred but not included as they exceed the maximum grant authorized.
