## OLDER ADULT SERVICES

We provide community enrichment, resources, and social services for older adults through programming and partnerships with respect, inclusion and diversity.

### ABOUT THE MORGAN HILL SENIOR CENTER

The Morgan Hill Centennial Recreation Senior Center opened in 2006 and has been a vibrant and dynamic hub for older adult services. In June 2016, the City of Morgan Hill earned the Age-Friendly City designation from the World Health Organization. The Senior Center has evolved over the past few years to include other Older Adult Programs and Services and partnerships in the areas of:

- housing
- transportation
- social participation
- respect and social inclusion
- communication and information
- community support and health services

The City went through significant budget reductions in the past and the amount of funding for Senior Services was reduced. In order to maintain Senior Center operations through that time of fiscal difficulties, a new separate group, the Friends of the Morgan Hill Senior Center, was established to support the Senior Center and programs being offered.

Over 3,300 seniors utilized  
the Senior Center

### FRIENDS OF THE MORGAN HILL SENIOR CENTER

The Friends of the Morgan Hill Senior Center was established with the primary purpose of raising funds to support Senior Center operations. For the past several years, the Friends were able to provide over \$200,000 to support operational costs for the Senior Center. In addition, Friends have helped grow the Morgan Hill Senior Support Fund, a fund that was established as an endowment fund in 2013 and is managed by the Silicon Valley Community Foundation.

As part of the sustainability plan for Older Adult Services, a formal endowment program has been established, which includes Friends Giving Tree and Naming Rights for rooms at the Senior Center.
