Morgan Hill Council Member Yvonne Martínez Beltrán Honored with Civic Engagement Award by the Latina Coalition of Silicon Valley

Morgan Hill, CA, November 14, 2025 - Morgan Hill Council Member Yvonne Martínez Beltrán was honored on Sunday, November 9, with the Civic Engagement Award by the Latina Coalition of Silicon Valley at their Fifteenth Annual Brunch. The recognition celebrates her dedication to public service, community empowerment, and advancing opportunities for families across the region.

The Latina Coalition of Silicon Valley has selected Council Member Martínez Beltrán for her ongoing leadership in public policy, her commitment to uplifting underserved communities, and her long-standing record of championing civic participation.

“Thank you! I extend my sincerest gratitude to the Latina Coalition of Silicon Valley for this recognition,” said Martínez Beltrán. “It is a profound honor to share this space with the esteemed and remarkable women being recognized. This acknowledgment truly belongs to the community and my family, as this work would not be possible without their support. It is a powerful reminder that every perspective, every meeting, and every difficult moment in public service matter, especially when it comes to diverse representation. This honor holds great significance, particularly coming from an organization I respect deeply and from a community dedicated to empowering and protecting vulnerable, hardworking women and families who demonstrate incredible resilience and promise. This work is not easy, but it is imperative and impactful to ensure we make space for everyone to feel heard, seen, and supported, and to keep the American dream accessible to all. Congratulations to all awardees!”

The Civic Engagement Award is presented annually to Latina leaders who model service, advocacy, and collective uplift. Council Member Martínez Beltrán, a proud Morgan Hill native, continues to champion equity, participation, and strong community partnerships.
